

We design, we develop, we deliver...we are

dibsa
STRUCTURES

If you're looking
for an industry leader
in lightweight steel
structures, a company who
will share their expertise and
respond to your every need,
then you need DIBSA by your side.

We've been helping...

Architects & structural engineers
Roofing contractors
Modular building manufacturers
Project managers

...for almost 30 years

Providing quality...

Flat to pitch/curved conversions
Modular and new build services
Planning and support
Customer service

...with client needs at the fore

Offering benefits such as...

Easy transportation
Fast installation
Durability
100% recyclability

...for complete satisfaction

We're currently embracing some changes here at Dibsa; a new image, a more personal touch, and a desire to share our vast knowledge and expertise will add to the benefits that our service already offers to the clients that we work with.

But one thing will never change... our commitment to excellent standards and superior products.
